Winter 2012

Next Coquelin Run Meeting, 3/06/2012, 7:00-8:30 PM

North Chevy Chase Elementary— All Purpose Room

This will be very important meeting! The Chevy Chase Land Company's proposed development plans include 1.5 million square feet of development where the shopping center is now located, with 300,000 square feet of office space, 200,000 square feet of retail, 780 apartment units, and a 150 room hotel. In April, the Coquelin Run community will have the opportunity to provide our views to the Planning Board regarding the amount of development and types of development we would like to see at the Chevy Chase Lake Shopping Center. The March 6 meeting will be the last chance we will have to meet as a community, to discuss what message we want to send the Planning Board. Please attend! You do not want to miss!

B-CC Middle School Site Selection

Montgomery County Public Schools has narrowed its search for a site for the new Bethesda-Chevy Chase cluster middle school. Rock Creek Hills Park and North Chevy Chase Park are the remaining public sites under consideration. MCPS has not disclosed the three private sites. You can read more about the site selection process on the Issues page on our website, www.coquelinrun.org.
